

St. Joseph School  
Ms. Turcotte, Fifth Grade

August 2, 2023

Dear Parents,

Welcome to St. Joseph's 2023-2024 school year. It's exciting to be starting a new year, and I am looking forward to teaching and getting to know your child throughout the year. I will be teaching Reading, Spelling, English, Social Studies, Math, and Religion to fifth grade. Mrs. Miller will be teaching Science and STEM. Our Enrichment teachers will be teaching enrichment classes such as Art, Music, and Physical Education. We all realize the trust you have placed in us, and we intend to do our best to help you with your child's education.

Please find, in this packet, my various classroom policies. Parents must also read the Parent/Student Handbook (a link to the handbook can be found on my website policies page) and the Computer Use policy (found at the back of the handbook). Please read each of the policies and check each, on the Honor the Process checklist, which will be sent home today as well. The checklist will be due Friday, August 11<sup>th</sup>, which is a week from this Friday.

I look forward to meeting you at Open House to discuss any questions you might have. Please watch Mrs. Van Loan's Newsletter for more information on the date and time of Open House.

I realize that all of the paperwork and policies that are handed out at the beginning of the year can be very overwhelming. For this reason, I encourage parents to bookmark my website: [tinaturcottesaintjoseph.weebly.com](http://tinaturcottesaintjoseph.weebly.com). This website contains all of the policies and much more information. In addition, the home page of the web site contains the "Classroom Notes" section which serves as a newsletter and is updated by Monday each week. Other sections of the web site will also be updated throughout the year as needed, so make sure to book mark it and visit it regularly.

Sincerely,

Ms. Tina Turcotte
